

SKINCARE CONCERNS

Uneven Texture
Uneven Tone
Tired or Dry Skin

WHAT IT IS

This powerful antioxidant fruit (Organic pumpkin & Organic Papaya) enzyme exfoliating treatment improves the look of a dull, aging, and congested complexion. It helps even skin tone and smooth the appearance of fine lines and wrinkles, revealing skin that appears smoother, radiant, and revitalized.

KEY INGREDIENTS

***ORGANIC PUMPKIN**
(USDA Certified)

Pumpkin contains powerful fruit enzymes and alpha hydroxy acids that naturally remove dead skin cells and get rid of blemishes, hyperpigmentation, and acne scars to reveal smooth, glowing skin. By removing dead skin cells, pumpkin prompts and nourishes normal cell regeneration. This has a smoothing and brightening effect, resulting in glowing skin.

Beta-carotene, a derivative of vitamin A found in pumpkin, helps boost collagen production to minimize the appearance of wrinkles. Beta-carotene also helps to reverse signs of UV damage and improve the look of uneven skin pigmentation. Pumpkin enzymes are plentiful with potassium, magnesium, and zinc, which helps regulate oil production in the skin. This removes those obnoxious, overly oily and dry areas. Zinc also works in tandem with vitamin E in pumpkin to fight acne breakouts and improve skin tone. At the same time, anti-inflammatory vitamin A helps minimize the appearance of acne scarring. Beta-carotene also helps to reverse signs of UV damage and improve the look of uneven skin pigmentation. So, if you have any dark spots or freckles, pumpkin is the superfood for you.

***ORGANIC PAPAYA**
(USDA Certified)

Papain is a proteolytic enzyme extracted from the raw fruit of the papaya plant. Proteolytic enzymes help break proteins down into smaller protein fragments called peptides and amino acids. This is why papain is a popular ingredient in meat tenderizer. Papain helps help reduce acne by removing dead skin cells that can clog pores. Papain can also remove damaged keratin that can build up on the skin. This makes papain an effective cleanser to prepare skin to absorb nutrients.

***ORGANIC ELECTROLYTES**
(USDA Certified)

Organic Electrolytes from coconut water help restore skin moisture and help prevent dehydration by restoring and drawing water into skin cells. These electrolytes provide a dramatic improvement of many adverse skin conditions (dryness, itchy patches, dark circles, fine lines). Also, electrolytes naturally moisturize without adding excess oil and help balance the skin's natural moisture and pH levels. They are a natural skin solution for the ultimate skin moisture. Electrolytes also remove toxins and excess oils to help reduce inflammation and breakouts. A natural source of cytokines in cocount water, proteins that promote anti-aging by supporting the skin's natural repair cycle in the wake of damage from the sun or environmental factors such as pollution.

INGREDIENTS

Potassium Alginate, Algin, *Oryza Sativa (Rice) Powder, Sodium Hyaluronate, *Cucurbita Pepo (Pumpkin) Powder, *Carica Papaya (Papaya) Fruit Extract, *Cocos Nucifera (Coconut) Fruit Powder, Glucose, *Salix Alba (Willow) Bark Extract, Calcium Sulfate, Diatomaceous Earth, Sodium Chloride, Magnesium Sulfate, Potassium Chloride, Iron Oxides. ***Certified Organic Ingredients.**

HOW TO USE

Mix 1 1/2 scoops of powder with 1 scoop of water. (Adjust water amount to get desired consistency.) Mix quickly and spread evenly over face and neck. After 15-20 minutes peel off to remove.
