

Alpha arbutin works by inhibiting tyrosinase activity to reduce the amount of melanin the skin produces. Less tyrosine and less melanin means a more even complexion with less pigmentation, fewer dark spots, and less-noticeable acne scars.

SKINCARE CONCERNS

Hyperpigmentation
Dark spots
Melasma
Dullness and Uneven Texture

BENEFITS

Arbutin tyrosinase inhibitor provides skin brightening.
Ideal for diminishing brown, patches and post-acne marks.
Brightens dark spots, reduces the appearance of acne scars, and helps even out skin tone.
Boosts the health and radiance of the skin to revive a radiant glow

KEY INGREDIENTS

ALPHA ARBUTIN

Arbutin is a glycoside phyto-chemical extracted from bearberries and other medicinal plants. Arbutin can even skin tone and brighten the skin by inhibiting tyrosinase activity and the skin's production of melanin. Alpha Arbutin is much stronger in effect than Arbutin or Beta Arbutin. It reduces the appearance of skin pigmentation, softens the appearance of spots and freckles, and does not cause toxic, irritating, or allergenic effects on melanocytes. By reducing the appearance of pigmentation spots and puffiness, this booster evens skin tone. Arbutin is non-irritating, so it is gentle on sensitive skin. It also does not increase the skin's sensitivity to the sun.

GLUTATHIONE

Glutathione accelerates the dissipation of melanin from the skin by inhibiting the dark coloration caused by tyrosinase. Glutathione binds to Tyrosinase and helps prevent the enzymatic pathways from producing melanin. It also helps to prevent the activation of Tyrosinase by reducing free radicals in the body that can increase melanin production. With its ability to eliminate the free radicals that damage the skin at the cellular level to cause aging and discoloration, Glutathione brightens the skin back to its purest, fairest tone.

INGREDIENTS

Potassium Alginate, Algin, *Oryza Sativa (Rice) Powder, Sodium Hyaluronate, Glucose, *Salix Alba (Willow) Bark Extract, Alpha- Arbutin, Glutathione, Calcium Sulfate, Diatomaceous Earth, Sodium Chloride, Magnesium Sulfate, Potassium Chloride, D&C Red No.6, D&C Yellow No.5, Carmine. ***Certified Organic Ingredients.**

HOW TO USE

Mix 1 1/2 scoops of powder with 1 scoop of water. (Adjust water amount to get desired consistency.) Mix quickly and spread evenly over face and neck. After 15-20 minutes peel off to remove.

APPLICATIONS

10 APPLICATIONS

FORMULATED WITHOUT

Parabens (Health Issue), Sulfates (Health Issue), Phthalates (Health Issue), Talc (Health Issue), Corn Starch (Cost Reduction)
