

SKIN TYPE

All Skin Types, Anti-Aging, Large Pores,
Sun Damaged Skin, Stressed Skin.

BENEFITS

- *Reduces skin sagging by stimulating collagen production for firmer-looking skin.
- *Helps to firm and tighten skin by providing building blocks of protein.
- * Acts as a free radical scavenger, protecting cells from oxidative harm caused by free radicals. Less oxidative harm results in fewer fine lines and wrinkles.
- *Decreases large pores and promotes healing.
- *Enhances the skin renewal process and reduces the appearance of scars.
- *Increases skin elasticity thereby reducing the appearance of saggy skin.

KEY INGREDIENTS

Ovine (sheep) Placenta

Sheep placental extract in Australian wherefrom a clean environment (Biosecurity: In Australia, the unique nature resources produce pure and soft wool material and the strict regulation maintains the premium quality of Australian sheep placenta. The sheep placenta is extracted from healthy and fresh placenta with advanced technology.), is a rich source of “bioactive nutrients” including essential amino acids, placental protein, Hyaluronic Acid (HA), Superoxide Dismutase (SOD), Nucleic Acids, Epidermal Growth Factors (EGF’s), Senescent Cell Activating Factors (SCAF’s) and antioxidants. As the placenta protein is absorbed into the skin cells, the cells are triggered to mimic the newer, fresher collagen resulting in long-term benefits and youthful skin. When a young cell comes in contact with an old cell they relay information via their DNA. The old cells receive this information and in turn take on the properties of the young cells, providing regenerative results that have been proven to reverse the aging process.

Gold (24Karat) Powder

Gold is an antioxidant and has anti-inflammatory properties. can calm acne inflammation, reduce skin redness and protect against free radicals that lead to wrinkles and sun damage. Gold can activate the basal cells of the skin, which increases the elasticity of the skin. It thus reduces wrinkles, fine lines, blemishes, and marks on the skin, and will make you look younger. Cleopatra used a gold mask every night to enhance her complexion and keep her skin youthful, glowing and beautiful.
