Sensitive and Blemishes  
Acne and Scars  
Wounds and Distressed skin

## WHAT IT IS

Cica Complex Care helps to increase blood flow to wounds, reduce the formation of excess scar tissue, and improve skin elasticity. It reduces the appearance of superficial and deep wrinkles, firming up the skin by increasing the synthesis of collagen and support the basic “glue” that holds our cells together. This formula diminishes the appearance of blemishes and restores the look of the skin's strength, health, and vitality while enhancing the skin renewal process.

## KEY INGREDIENTS

### JASMINE

Jasmine contributes antimicrobial activities (antiviral, antibiotic, antiseptic and antifungal properties) that make it effective for wound healing, fighting skin infections and eruptions of stretch marks. It is used for treatments for fighting harmful infections and skin disorder, increase immune function for hundreds of years in other Asian countries. Its amazing properties provides the skin to reduce inflammation, redness, pain and speed up time needed to heal wounds.

### \*ORGANIC GOTU KOLA

Organic Gotu Kola (centella asiatica), a well-known scar remedy, repairs and reduces scarring. It treats acne and calms sensitive skin while healing scarred tissue by regenerating connecting tissue and by enhancing the synthesis of collagen. It promotes the growth of new skin, gently closing and repairing even lesions and skin ulcers as well as helps to increase blood flow to wounds, reduce the formation of excess scar tissue, and improve skin elasticity. It reduces superficial and deep wrinkles, firming up the skin by increasing the function and structural integrity of the collagen matrix and support the basic “glue” that holds our cells together.
