

## SKINCARE CONCERNS

Discolorations and  
Hyper-pigmentation,  
Dark Spots Dullness and  
Uneven Texture Uneven Skin  
Tone and Dark Circles

## WHAT IT IS

illuminating Orange Peel has strong lightening properties but does not irritate the skin due its natural soothing effects. It is the top rated solution to pigmentation without harmful side effects. Glass-smooth skin rapidly increases brightness, radiance luminosity and vibrant glow. This illuminating formula helps to diffuse accumulated excess melanin, a cause of hyper-pigmentation, resulting in visibly illuminated skin tone. The brightening formula helps enhance tone, clarity, and visible brightening. It also diminishes the appearance of pores and reinforces the skin's moisture barrier for a skin-smoothing glow.

### KEY INGREDIENTS

#### \*ORGANIC ORANGE

\*Organic Orange Peel is high in vitamin C that helps the skin to form collagen and elastin to keep the skin looking younger and more supple. Orange peel also contains citric acid that helps brighten skin naturally and remove dead cells and debris from the skin. It gives dull skin a healthy glow and helps diminish the appearance of hyperpigmentation and age spots.

Niacinamide (Vitamin B3) provides nutrition to strengthen cellular bonds and tighten skin to naturally reduce the appearance of large pores, blemishes and dark spots. It inhibits the transfer of melanosomes to the outer most layer of the skin (epidermis), helping transform skin from within for a beautiful, luminous skin like glass. It has strong lightening properties but does not irritate the skin due its natural soothing effects. It is the top rated solution to pigmentation without harmful side effects. Niacinamide reduces inflammation, which may help ease redness from eczema, acne, and other inflammatory skin conditions.

#### GLUTATHIONE

Glutathione accelerates the dissipation of melanin from the skin by inhibiting the dark coloration caused by tyrosinase. Glutathione binds to Tyrosinase and helps prevent the enzymatic pathways from producing melanin. It also helps to prevent the activation of Tyrosinase by reducing free radicals in the body that can increase melanin production. With its ability to eliminate the free radicals that damage skin at the cellular level to cause aging and discoloration, Glutathione brightens the skin back to its purest, fairest tone.

### INGREDIENTS

Potassium Alginate, Algin, Citrus Aurantium Dulcis (Orange) Peel Powder, \*Oryza Sativa (Rice) Powder, Sodium Hyaluronate, Glucose, \*Salix Alba (Willow) Bark Extract, Niacinamide, Glutathione, \*Citrus Aurantium Dulcis (Orange) Peel Extract, Calcium Sulfate, Diatomaceous Earth, Sodium Chloride, Magnesium Sulfate, Potassium Chloride, Citrus Aurantium Dulcis (Orange) Oil, Fragrance.\***Certified Organic Ingredients.**

### HOW TO USE

Mix 1 1/2 scoops of powder with 1 scoop of water. (Adjust water amount to get desired consistency.) Mix quickly and spread evenly over face and neck. After 15-20 minutes peel off to remove.
