WHAT IT IS

Supercharge your skincare with two luxurious ingredients: TRUFFLES & 24K GOLD. Truffle and gold belong to the highest echelons of skin care luxury because they work from the inside and out.

KEY INGREDIENTS

TRUFFLE

Truffles, the other magic mushrooms, are rich in essential fatty acids and B vitamins to give the skin a long-lasting radiant glow. They increase skin moisture levels for softer skin and fewer visible lines and wrinkles. Vitamin C, which helps wipe out dark spots and prevent hyperpigmentation, is plentiful in white truffle. In truffles, SUPEROXIDE DISMUTASE provides superior help against free radical damage, meaning it protects your skin against visible signs of aging. This "super enzyme" help prevent fine lines and wrinkles and repair damaged skin to help maintain the skin's youthfulness.

24K GOLD

Gold gives skin that instant brightening effect that makes the skin glow while tightening and firming to erase fine lines instantly. Gold is an antioxidant and has anti-inflammatory properties. Gold can calm acne inflammation, reduce skin redness and protect against free radicals that lead to wrinkles and sun damage. Gold can activate the basal cells of the skin, which increases the elasticity of the skin. It thus reduces wrinkles, fine lines, blemishes, and marks on the skin, and will make you look younger. Cleopatra used a gold mask every night to enhance her complexion and keep her skin youthful, glowing and beautiful.
