

## SKINCARE CONCERNS

Antioxidant  
Calming  
Reduce Redness  
Reduce Swelling  
Reduce Inflammation

## WHAT IT IS

Tea tree and Matcha extract are the best combination of ingredients to calm redness, swelling, and inflammation. They also help to reduce the appearance of acne and to remove surface oils without over-drying or causing irritation.

## KEY INGREDIENTS

\*ORGANIC TEA TREE  
(USDA Certified)

\*ORGANIC MATCHA  
(USDA Certified)

\*ORGANIC ELECTROLYTES  
(USDA Certified)

Tea Tree extract reduces acne-causing bacteria on the skin, thereby helping to control the appearance of acne without antibiotics. Tea Tree also clarifies complexion by lifting oil and removing dirt and impurities from clogged pores. Tea Tree helps speed wound healing by reducing damaging swelling and inflammation while boosting the skin's natural healing processes.

Matcha has 30 times more antioxidants than regular green tea, and it is richer in antioxidants than blackberries and kale. Matcha contains methylxanthines, which help stimulate natural microcirculation in the skin. This not only helps promote healthy, radiant skin, but it also helps support an even and glowing complexion. Matcha contains polyphenols and six different types of catechins that help reduce inflammation, redness, and irritation. Polyphenols in green tea attack bacterial membranes and fight against infection, meaning that Matcha is a useful tool for treating bacterial growth that causes acne. It helps kill systemic bacterial inflammation for smoother, better toned skin. It also helps prevent acne by decreasing sebum production.

Organic Electrolytes from coconut water help restore skin moisture and help prevent dehydration by restoring and drawing water into skin cells. These electrolytes provide a dramatic improvement of many adverse skin conditions (dryness, itchy patches, dark circles, fine lines). Also, electrolytes naturally moisturize without adding excess oil and help balance the skin's natural moisture and pH levels. They are a natural skin solution for the ultimate skin moisture. Electrolytes also remove toxins and excess oils to help reduce inflammation and breakouts. A natural source of cytokines in coconut water, proteins that promote anti-aging by supporting the skin's natural repair cycle in the wake of damage from the sun or environmental factors such as pollution.

## INGREDIENTS

Potassium Alginate, Algin, \*Oryza Sativa (Rice) Powder, Sodium Hyaluronate, \*Camellia Sinensis (Green Matcha) Leaf Powder, \*Melaleuca Alternifolia (Tea Tree) Leaf Oil, \*Cocos Nucifera (Coconut) Fruit Powder, Glucose, \*Salix Alba (Willow) Bark Extract, Calcium Sulfate, Diatomaceous Earth, Sodium Chloride, Magnesium Sulfate, Potassium Chloride, Chromium Oxide Greens. **\*Certified Organic Ingredients.**

## HOW TO USE

Mix 1 1/2 scoops of powder with 1 scoop of water. (Adjust water amount to get desired consistency.) Mix quickly and spread evenly over face and neck. After 15-20 minutes peel off to remove.

## APPLICATIONS

10 APPLICATIONS

## FORMULATED WITHOUT

Parabens (Health Issue), Sulfates (Health Issue), Phthalates (Health Issue), Talc (Health Issue), Corn Starch (Cost Reduction)

**esthemax® hydrojelly® masks are formulated to comply with EU Regulations.**
